Education:

University of North Carolina at Charlotte Coding Bootcamp   Charlotte, NC
                                                                        Completed in September 2019

University of North Carolina at Chapel Hill   Chapel Hill, NC
GPA: 3.1
Degree: Bachelor's
Major: Mathematics   Graduated in December 2017

Project Experience:

SharkNo
- Created an app within Node.js for users to report and search for shark attacks in a given area and timeframe via the use of API calls and MySQL queries to interact with a connected database.
- **Heroku Link**: https://sharkno.herokuapp.com/

DuckLink
- Worked with a team to create a React app in which the user could customize an avatar and play several games with their avatar.
- Incorporated self-directed projects, such as the Minesweeper and Pac-Man apps, created using JavaScript and jQuery, and using the HTML tag <canvas> to utilize the user's data in order to construct the avatar image.
- **Heroku Link**: https://ducklink.herokuapp.com/

MyCalculator
- Utilized React to create a calculator app that uses JavaScript to construct the mathematical logic for solving user-input calculations.
- **Heroku Link**: https://benny-calculator.herokuapp.com/
